

Rest Assured... We Know Maine!

National tenant screening companies offer their customers access to million of records. We have, well, only about 100,000 records in our database.

But did you know Tenant-Net regularly visits Maine's District Courts to secure eviction data. We ask the clerks at all the Courts if anyone else comes to get these records: they usually stare at us in disbelief or laugh in amazement.

Tenant-Net now has 7 field staff collecting this vital data for you. Each week we are in Courts throughout the State. In addition, our customer members (now totaling over 1500) regularly forward us tenant histories, on Maine tenants. Want records on tenants in Philadelphia, Los Angeles, Chicago, Detroit, New York City?... check with the big guys; they've apparently got millions of them.

It's true we do not have a million or more irrelevant records, but we are certain we have the Maine records you need to know about. So, you can rest assured with Tenant-Net.

We Get Maine!

Tired of products "from away?" Wish that everyone answered their own phone? Do you expect great service? Us too!

At Tenant-Net we source as much product and service from Maine based companies as possible. Our software was developed by Hurley Solutions of Portland, Maine; our web team is Hall Marketing of South Portland, Maine; our media and marketing team is ADMedia Communications of Portland, Maine; our Bank is Saco-Biddeford Savings Institution of Saco, Maine; our supplies come from Brown Fox Printing of Biddeford, Maine, and special promotional items are from Storreytime Productions in Portland, Maine and Shads Advertising in Auburn, Maine.

Why are we committed to Maine companies? Because they get what being here in Maine is all about: pride in ones work, quality products and friendly service. It means something to these fine firms and to us as well. Maine products, people and service, it's a winning formula!
